April 27th, 2023

SLBFE

1. Recruiting industry :Shipbuilding

* Subcategory of Industry【Refer to Attachment】:

- Scaffold
- Insulation
- Grinder
- welding(welding assistance)
- Piping Machinery· Joinery· , Electric Cabling

2. Qualification for application

- **Job seekers who are on the job seeker roaster of manufacturing and whose roaster expires after December31th,2023**

3. Application period: 09 days(April 27th ~May5th, 2023)

4. Application method

- Application by selecting a sub-category in the shipbuilding industry

5. Application place: [SLBFE Website \(www.slbfe.lk\)](http://www.slbfe.lk)

※ Notice

1.You can apply even if you don't have experience in shipbuilding. If there are many applicants, a person with experience in the shipbuilding industry or welding function in the construction industry shall be converted to priority. If the number of applicants exceeds the required 600,the Human Resources Development of Korea will make the final decision upon the selection.

2. If a job seekers is converted to shipbuilding and arranged by a Korean business

owner, he or she will enter Korea first. Changing desired industry does not guarantee employment in Korea and the employment procedures are the same as previous

3. Select the above 5 subcategory of industry to switch. However, when you are employed in Korea, you can perform tasks other than the detailed occupation selected at the workplace

4. Depending on the company employed, you can receive job training related to shipbuilding industry for about a month. Wages are paid during this period, and prescribed training expenses are supported by the Korean government

5. In principle, you must work at a workplace with a labor contract. In the event of a reason for changing the workplace, it is possible to change the workplace only within the shipbuilding industry

6. Valid term of job seekers roster will be the same as the remainder of the previous (Manufacturing) roster (no extension of the valid term)
